---

**CURBSIDE CONSTRUCTION/FEATURES**

---

- Construction Materials:** **Cabinet:** .080 aluminum.  
**Hood, Access Door and Bottom:** .080 Aluminum.  
**Faceplate:** The faceplate, weather shroud, depository opening and envelope dispenser door are made from Stainless Steel and aluminum.
- Construction Methods:** **Cabinet:** One piece of Aluminum forms all four corners of the cabinet.  
**Access Door Header:** Welded in place.  
**Hood:** One-piece top, sides and rear. Faceplate welded in place. Fully sealed to prevent leaking.  
**Bottom:** Full bottom welded to frame.

---

**FEATURES**

---

- Weather Resistance:** No corner seams to leak or pull apart in heavy winds or under weight of snow. Sealed access door. The depository opening is protected with a built in weather shroud. Sloped and radius top to help shed water.
- Envelope dispenser:** The Envelope Dispenser compartment with a sliding door is built into the faceplate.
- Theft Deterrence:** The built-in theft deterrent chute design makes removing articles through the depository opening virtually impossible.
- Fire Suppression:** Air tight design smothers most fires in under 1 minute
- Finish:** Standard finishes with a Graffiti-X clear coat option. See website for complete list.
- Locking Method:** 3-point locking (top, bottom, opening side). Keyed paddle lock with weather sealed lock cover to prevent freezing and keep dirt out.
- ADA Compliancy:** ADA Compliant when properly installed.
- Depository:** One hand Kwik drop depository with weather shroud.
- Assembly Required:** Ships fully assembled.
